Special Notes, comments - Fill out all information as accurately as possible. For items you do not know OR ARE UNSURE, mark "UN" for "Unknown", or if Stock, mark "STK" or "Stock". If you do not fill this form out completely, your shipment will be delayed until we have all the information required. Fill out forms as if you have the Kenne Bell kit already installed. We do not need to know your stock injector size for example since they will be replaced. If you have already submitted credit card information do not submit it again on this form. FAX pertinent forms to (909) 944-4883, or email to [kennebell@kennebell.net](mailto:kennebell@kennebell.net). Questions? Call (909) 941-6646 or (909) 941-0985. **CAMARO ONLY: ALL WE NEED IS THE VIN NUMBER and this sheet completed, no PCM sheet is required.**

Hi Tech Performance Products

## 2015-UP MUSTANG GT PCM IDENTIFICATION r1.02

In order to supply you with the correct 50 state legal tune for your Kenne Bell Supercharger kit, we need to identify the factory tune. Here's where you can help. Open the hood and look under the large fuse/relay box on the passenger side (see photo). We need both the 4 digit code and SECOND set of numbers (P/N), which contain the characters FR3A-12A650-XXX. The last 3 digits are the most important, but MAKE SURE you have the SECOND set of numbers down in the center of the label for the PCM. Below is an example. Please locate your PCM, fill out the information below and fax to (909) 944-4883, or email to [kennebell@kennebell.net](mailto:kennebell@kennebell.net)
